Get to know the different types of official tsunami messages.

Remember, your local emergency management office may provide further information when these alerts are issued too.

Warning: Dangerous coastal flooding and powerful currents. Move to high ground or inland.

Advisory: Strong currents and waves dangerous to those in or very near water. Stay out of water, away from beaches and waterways.

Watch: Hazard not yet known. Stay tuned for more information. Be prepared to act.

Information Statement: No threat or very distant event for which hazard has not been determined. No action suggested at this time.
